

Selecting categories

Posted by teacherrolf - 2010/08/15 11:56

I use your calendar module and it work very well.

I would like to limit the a copy of themodule to show only 1 of the eventlist categories.

Is that possible ?

Hi

Yes you can do this by using the category ID settings in the module parametnes:

See our Demo page:

<http://extensions.qivva.com/demo/calendar-demos/category-a-venue-filters.html>

Regards

Toni
