

html problem

Posted by sun86 - 2011/06/28 12:58

Hi friends,
my problem is illustrated in the following img.

<http://www.jlv-solutions.com/media/kunena/attachments/1324/Unbenannt-1.jpg>

if the user is logged in, the format of the events is shown correctly but if you aren't logged in, see the
img...

where is my mistake

=====
